Product description

Complementary feed (pellets) for horses

High-protein feed supplement for horses and ponies made with high-quality, plant-based ingredients

EquiGreen Natural Vital Grain-Free Pellets is an innovative, grain-free feed supplement in a convenient pellet form. Due to the natural ingredients, it contains numerous vital substances as well as secondary plant ingredients. It is also rich in high-quality protein (essential amino acids), whereby the selected natural protein sources have a high precaecal digestibility, so that there is no disturbance of the sensitive colon flora, which is designed for roughage.

Especially for horses with metabolic problems or gastrointestinal and digestive sensitivities, it may be necessary to feed grain-free and reduced-sugar feed. **EquiGreen Natural Vital Grain-Free Pellets** are particularly suitable for horses suffering from PSSM or civilization diseases such as Cushing, EMS, and founder. In the case of PSSM in particular, there is often an increased need for protein.

Old horses also benefit from **EquiGreen Natural Vital Grain-Free Pellets**. Especially in the winter months, seniors often need more protein and energy. In addition to high-quality roughage, the daily feed ration is demand-oriented upgraded with **EquiGreen Natural Vital Grain-Free Pellets**.

EquiGreen Natural Vital Grain-Free Pellets are also free of synthetic vitamins, pressing aids, artificially produced minerals and trace elements. Therefore, it does not cause any unnecessary burden on the sensitive detoxification organs of the steppe animal horse.
