Product description

Repellent

Spray for repelling crawling and flying insects

insektoVet Ambient Spray reliably repels crawling and flying insects (ticks, mites, fleas, lice, moths, midges, cockroaches, ants and hair lice), that are in the house, car, kennel, blankets, baskets, etc. The spray contains geraniol extracted from the leaves of the Geranium palmarosa herb, which adheres to the surface. The repellent active ingredient has for crawling and flying insects an unattractive odor for fleas and successfully prevents parasite infestation.

Expert tip*: In case of acute pest infestation:* In the first 5 days, spray daily frequently visited places where dogs and cats stay, rest and lie down. *Subsequently, in case of additional treatment of the animal with* **insektoVet Total**: spray every 10-14 days. *Subsequently, without additional treatment of the animal:* spray every 5-8 days. *Prophylactic application:* spray every 4 weeks.

Active substance: Geraniol 29 g/L. BAuA Reg.-No.: N-114803. With the active substance from the leaves of palmarosa geranium grass (*Cymbopogon martinii*).

Application recommendation: Shake before use! Treatment of the surroundings of dogs or cats: spray from a distance of approx. 5 cm onto all areas where the animal is present. Sleeping and lying places, such as basket, blanket, etc., require preferential treatment. Before the first treatment, check sensitive surfaces for compatibility and material resistance.
Application rate: approx. 5 ml/m². Up to 250 ml bottle: 1 spray = ca. 0.15 ml. From 500 ml bottle: 1 spray = ca. 1.3 ml.

Storage not below 18°C.

WARNING • Contains geraniol. May produce an allergic reaction. Causes serious eye irritation. Keep out of reach of children. Avoid breathing mist/spray. Wear protective gloves/protective clothing/eye protection/face protection. IF ON SKIN: Wash with plenty of water and soap. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention. If skin irritation or rash occurs: Get medical advice/attention. Dispose of contents/container to an authorized waste disposal site.

Use biocides safely. Always read the label and product information before use.
