Product description

Care product for dogs, rodents, and horses

Gentle cleansing and soothing care for the ears

EarCare is suitable for thorough, gentle cleaning and soothing care of the ears (ear canal and auricle), even in cases of ear mite infestation.

Ear Care provides systematic care throughout the entire ear, spreading independently and deeply into the ear canal. This results in particularly deep and long-lasting ear cleansing. In stubborn cases, prolonged use may be necessary, as deep-seated `old buildup´ often needs to be cleared away. Conventional products usually do not reach deeper regions.
